

# TIMELY SUGGESTIONS FOR VACATIONISTS

Vacation Days are Here! The lure of the pond and the brook with their tribes of hungry fish—the sea shore with its foaming surf—the still pond stirred to life by the splash of the paddle—the quiet nook for rest and recuperation—dream days—the mountains with their bracing air.

Enjoy them—don't be uncomfortable and inconvenient by something you "forgot." Look over the advertisements on this page carefully. Don't skip one. No doubt you will find something here you had completely overlooked, something indispensable to the good time and your comfort. If so, get it before you leave.
